VOL. XXX.

STANFORD, KY., TUESDAY, MARCH 4, 1902, 3 P. M.

NO. 104

We call your attention to the Buffalo Oil Co., which owns oil, gas and mineral leases on lands in Kentucky in the counties of Jackson, Knox and Lincoln, all of which is proven oil territory.

Our Jackson county land is in an undeveloped coal and oil region, and oil has been found in many places in Jackson county. This county is situated directly between the Bath oil fields on the north and the Knox county fields on the south.

Our Knox county lands are situated in the vicinity of the great oil gushers and the prolific oil regions of Knox county. In this territory many companies are now operating and a great rush is being made to and for that territory.

Our Lincoln county lands are in the oil and gas belt, where oil has been found in many places but the territory not developed. A large portion of this field is within the 45th degree, or the Pennsylvania oil line, and is north of the Wayne county field and on the line between the Wayne and Bath fields.

If you will take a map and place one end of a ruler on the Bath county fields and the other on the Wayne county, the line will pass through some of our choicest territory. It is the intention of the Company to drill in each of the three counties and for this purpose a limited amount of the stock will be offered for sale. The oil industry returns the largest known dividends and some idea can be obtained as to the desirability of this stock when you recall the fact that less than six months ago oil stock in one of the Wayne

Capital Stock, \$20,000.

HEADQUARTERS, PIERRE, S. D.  
BRANCH OFFICE, STANFORD, KY.

Officers: A. H. FLORENCE, Mayor of Stanford, Ky., President; GEO. M. DAVISON, Ex-Congressman, Vice-Pres.; L. R. HUGHES, Attorney-at-Law, Sec. & Treas. Directors: J. E. Evans, Pierre, S. D.; H. J. Darst, Rowland, Ky.; J. N. Menefee, G. M. Davison, A. H. Florence and L. R. Hughes, all of Stanford, Ky.

Company companies had few buyers at \$10 per share, while to-day this stock is worth \$3,000 per share. This picture is not overdrawn, as they are facts known to exist.

Kentucky bids fair to equal with her oil fields those of Pennsylvania, where so many immense fortunes have been made. Now is the time to get in on the "ground floor" of this great development of Kentucky's oil fields.

The right time to invest is when a company first launches its stock on the market, and you are then getting in on the ground floor and get all the advance of the stock. The Buffalo Oil Co. gives you the "ground floor."

Our leases cover 5,000 acres in the above named counties, and our territory cannot be excelled. It is equal to any of the undeveloped territory where fortunes are now being made daily by sinking paying wells. Our capital stock is \$20,000, in shares of \$1 each, non-assessable, and sold only at par. Our capital stock is small and the shares are not sold for speculative purposes, but for the purpose of getting money to develop our property and sink wells, and EVERY dollar will be spent in development, and if we succeed our profits will not be divided by long divisions, as would be the case if our capital stock was large and sold in large quantities at a great per cent. below par. This is your chance to get in on the "ground floor."

A LIMITED AMOUNT of the stock is offered for sale at \$1 per share, non-assessable. If it is all taken before your money is received same will be returned to you. Address,

Buffalo Oil Co., Stanford, Ky.

P. S.—For the standing and financial ability of the officers reference is given to the President of the Lincoln County National Bank or First National Bank, of Stanford, Kentucky.

Terhune, of Harrodsburg at \$100 and eight to other parties at \$80. The sales were made as the result of an advertisement in the INTERIOR JOURNAL and Danville Advocate.

John Carter, alias John the Baptist, is preparing a challenge to be sent to Gov. W. O. Bradley as the result of an article from Bradley's pen in the Cincinnati Enquirer, in which it was stated that Carter was lodged in the Lancaster jail a number of years since, charged with carrying concealed deadly weapons and threatening the life of old man Boudinot, of Garrard. The alleged damaged man will propose to meet the ex-governor in a 1st debate in the auditorium in Louisville. The challenge will be sent this week.

At the holiness camp meeting to be held in Lincoln, Neb., the Rev. H. C. Morrison will be evangelist.

Rev. W. W. Stoddard, of Louisville, has accepted the pastorate of the First Presbyterian church at Lebanon.

The First Presbyterian church of Harrodsburg has filed a claim against the government for \$6,000 damages done the building during the war, when the building was utilized by the Union forces as a hospital.

Evangelist George O. Harney has again changed his religious belief, and fully accepts John Alexander Dowie, of Chicago, as "Elijah, the Restorer." George O. appears to be the Charley Hroston of the pulpit.—Paducah Democrat.

It may not be known to many Kentuckians that the first church ever erected west of the Alleghenies was in Garrard county. About three miles south of Lancaster, on a curiously shaped mound or knoll, are a few straggling stones that mark the site of what was known as the old Gilbert's Creek meeting house.

James McKehele has taken a bunch of cattle of John Robinson to feed and graze for life for what he puts on them.

Tollgates can be put on all the roads about Hubble now, as all the pikes that were set free, have been mashed below the travel and can not be used.

Wilson Alexander sold some hogs to O. P. Huffman at \$40. Sidney Duubar sold some shoats to G. A. Swinebroad for \$50. S. M. Spoonamore sold 20 sheep to Carter for \$50.

All of our people are in favor of rural free delivery now, as not a single pike can be gone over from this place without danger of crippling man and horse. We are all in favor of a law forcing the postal clerks to give every man, woman and child a letter who calls for one.

### Crab Orchard.

Elder J. W. Masters will preach at the Christian church on Saturday night and Sunday morning.

Rev. J. M. Bruce failed to meet his regular appointment at the Baptist church on account of sickness.

Information was received here of the death of Mr. Thomas Carson, of Tennessee. No particulars have been learned.

Miss Lizzie Boazley entertained her Sunday school class Tuesday night at her father's residence by giving a candy pulling.

J. J. Brooks bought a stock of drugs at Vanceburg and he and his wife will leave for that place within a day or two. Their friends regret to see them leave Crab Orchard.

Miss Hettie Higgins returned Sunday from a prolonged visit to friends in Somerset and other points. She was accompanied by Mrs. Mattie Higgins. Mrs. Kittie King went to Louisville Monday to look after new styles and purchase her Spring stock of millinery.

The superintendent of the Sunday school of the Christian church here passed a very high compliment upon the pupils last Sunday. In thanking them for their good behavior, he said he would put them by the side of any school in the State in the way of their good conduct at Sunday school. While it was saying quite a good deal, yet we think it not undeserved, for we do have a well-behaved class of children and, in view of the fact that these children, even those of larger growth, are soon to fill the places of the older ones, we hope they will continue to cherish noble aspirations and cultivate all the lovely graces, that they may thereby develop into grand characters of whom both the church and the world will one day be proud.

Sam McGee, one of our townsmen, has accepted a very pleasant and lucrative position with Cole & Co., Louisville. Mr. and Mrs. Dexter Ballou, of Somerset, are visiting Mrs. M. E. Fleb and daughter. After a very pleasant visit with W. E. Perkins and family, Wallace Perkins leaves today for Colorado, where he will rusticate for his health. There was quite an exodus of our citizens here on Sunday. The families of H. Turnbull and Ethel Wells, together with several others, left for Oklahoma and Indian Territory. It is said that a number of others will soon follow. At this rate old Crab Orchard will soon be depopulated. Miss Sue Beth James, of Stanford, is here.

### HAVING A RUN ON CHAMBERLAIN'S COUGH REMEDY.

Between the hours of 11 o'clock A. M. and closing time at night on Jan. 25th, 1901, A. F. Clark, druggist, Glade Springs Va., sold 12 bottles of Chamberlain's Cough Remedy. He says: "I never had a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years and the people there are all acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by Craig & Hocker, druggists.

"Gentlemen are absent minded, whereas common people are only careless."

### LANCASTER.

Circuit court will convene next Monday.

Rev. Schlegle, of Ohio, preached Sunday morning at the Presbyterian church.

The town is being laid off in sections and a map prepared for the benefit of the water works contractors.

The little daughter of Dr. and Mrs. Sandlin is very ill of pneumonia. Little May Moore has been quite sick.

There will be a biographical edition of the Lancaster Record this week in which the leading merchants and professional men of the city will be prominently represented.

A. C. Robinson & Son sold 308 bushels of wheat to W. H. Traylor, of Lincoln, at \$1. T. S. Elkin bought some butcher stuff from Victor Lear at \$10 and a bunch of hogs from Fred Stone at \$10.

Mrs. John M. Logan and Miss Dove Harris left Monday for Cincinnati to purchase a Spring stock of millinery. Mrs. George M. Patterson attended the executive meeting of the district W. C. T. U. held at Wilmore the latter part of the week.

A series of stereopticon views were exhibited at the court-house Monday evening, illustrative of a lecture delivered by Rev. Schlegle, of Ohio, who traveled last summer through Europe, the Holy Land and various portions of the Orient. The pictures were realistic and interesting.

It is reported that a prominent citizen of this place, who owns a tract of Texas land near the famous Beaumont oil fields, has sunk wells and struck a gusher, for which he could even now get half a million. His name will not be divulged, as he is eligible and some of the Lancaster belles might become absolutely infatuated.

Miss Barbara Bushy, daughter of Mrs. Mattie Salter Bushy, of Williamsburg, but formerly of this place, was married recently to Robert H. Davis, a prominent young dentist of Whitley's capital. Mrs. Davis is remembered here as a beautiful girl and the pictures of the new couple appeared in Saturday's Courier Journal.

It is believed as many as seven routes will be established in Garrard, and will make a very complete system of delivery. A Mr. Guiley, of the McCreary section, has already been circulating a paper for the requisite 150 signers and it is thought residents of other localities will forward this important public movement. This county owns about 125 miles of turnpike and has a right to free rural delivery.

### HOW TO PREVENT PNEUMONIA.

You have good reason to fear attacks of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventive of that dangerous disease. For sale by Craig & Hocker, druggists.

# THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner in the 23 District, subject to the will of the democracy.

## THIRTY YEARS OLD.

Thirty years ago today the INTERIOR JOURNAL was launched upon the then doubtful sea of journalism, so many attempts at starting papers in Stanford having proven abortive. But the founder, Mr. F. J. Campbell, bulled wiser than he knew and from a humble beginning the enterprise waxed strong and grew in fear and favor, until now it is one of the most valuable newspaper properties in the State, with more subscribers, we dare say, by double, than any semi-weekly in the State. For over 25 years our brother labored day and night to bring the paper up to his high ideal and how well he succeeded we leave our patrons to decide. Strong onto two years ago, the present editor and proprietor took charge and by incessant labor he has not only kept the patronage up to its former figure, but has largely increased the subscription, job printing and advertising accounts, thanks to an appreciative and indulgent public. Thirty years is a long time in the life of a newspaper, as newspapers go, many being here today and gone tomorrow, but the INTERIOR JOURNAL was not born to die and we hope and believe that it will be more strongly entrenched in popular favor in 1932 than it is this good March day, 1902. Thanking all who have in any wise contributed to the success of the paper, either by substantial or other aid, we promise renewed efforts in their behalf and entire consecration to our life's work.

THE sheriff of Larue county has advertised the old Lincoln homestead, the birthplace of Abraham Lincoln, to be sold at public auction to the highest bidder to satisfy a tax debt due the State against the property. The property belongs to Eastern capitalists, who purchased it years ago for the purpose of converting it into a public park, or establishing a home for aged and infirm Union soldiers. Quite recently a project was started to establish a home for old and disabled ex-slaves.

MR. W. P. WALTON has sold the Harrodsburg Democrat to Editor Chas. M. Lewis, of the Shelbyville Sentinel, who took charge yesterday. Mr. Walton's reason for selling was that he wanted to give his entire time to his Lexington Daily Democrat. Mr. Lewis will run both of his papers and we are told will live in Harrodsburg. He is a splendid newspaper man and we are glad to get him closer to us.

It is sent from Washington that Prince Henry and President Roosevelt enjoyed a horseback ride through the suburbs of Washington while a severe rainstorm raged. There is nothing more enjoyable than riding horseback in a winter rainstorm and no doubt Teddy and Henry were greatly envied by those who saw them having such a rattling good time.

A DISPATCH says that Gov. Durbine, of Indiana, and staff are lost somewhere in the South and are supposed to be flood-bound. Possibly this model executive, whose chief claim to distinction lies in the fact that he has a peculiar weakness for harboring assassins, has been kidnaped by Southern admirers.

GEORGE W. THURSTON, a colored Pullman car porter, will receive \$475,000 from the estate of Mrs. Eliza Jane Evans, white, of New York. As the average Pullman porter is supposed to be a millionaire, or nearly one, Thurston, by this acquisition, will be one of the country's rich men.

THEY see it differently. The cordiality of the reception of Prince Henry in the United States is received in Germany in various moods. The Socialists cheer, the Agrarians keep a cold but dignified silence, while the Conservatives and others applaud.

MAJ. MICHAEL J. JENKINS declines to accept the sword which President Roosevelt was invited to present, and which invitation was withdrawn by Lieut. Gov. Tillman, of South Carolina. Now the question is, what's going to be done with the sword?

SURGEONS at John Hopkins Hospital, Baltimore, lifted a man's brain from its bed and extracted certain nerves that had caused neuralgia. The patient will recover. What shall we expect next of the daring and dexterous bandlers of the knife?

It almost seems incredible that a member of President Jefferson Davis' cabinet still survives. The illness of his postmaster general, John H. Reagan, will in all probability soon make him join his chief and companions on the other side.

ONE by one the veteran minstrels cross the dark river. Billy Rice, who has made millions laugh during his long and honorable career as end man, died at Hot Springs of dropsy. He was in indigent circumstances.

GOV. McMILLIN, of Tennessee, will retire from an honorable public life of 28 years next January. He began in the State Legislature, served a score of years in Congress and was twice elected governor.

THE Danville Courier has moved to its new office, built for it, and Editor Cunningham promises even a better paper when he gets things straight than he is giving now.

Chances for legislation on the isthmian canal measure at this session of Congress are growing slimmer. The party leaders favor an early adjournment because of this Fall's Congressional elections.

The Kentucky House by a vote of 60 to 20, passed the Hickman School Book Bill, which, though it originated in the Senate, has yet to pass that body, and will find determined opposition when it comes up for passage there.

Hon. M. P. North moved a reconsideration of the vote requesting the resignation of Supt. E. H. Doak, of the Houses of Reform, for alleged disloyalty to him and the Legislature. The motion was unanimously adopted.

The River and Harbor bill has been completed. It carries a total appropriation of \$60,700,000, of which \$24,000,000 is in cash and \$36,700,000 is in continuing contracts available July 1, 1903. Green river gets \$150,000, the Cumberland \$255,000, the Tennessee \$650,000, the Ohio \$2,625,000, and the Mississippi \$12,250,000.

The bill providing for the irrigation of public lands passed the Senate by a unanimous vote. Under the measure all money received from the sale of public lands in 16 Western States and Territories will be devoted to the reclamation of arid lands by irrigation. The Senate also agreed to the conference report on the Philippine Tariff bill.

The Kentucky House committee on Revenue and Taxation struck out the section placing a tax on the cash surrender values of life insurance policies. Instead, the tax on premiums will be increased from 2 to 3 per cent. The committee also reduced from 10 to 2½ cents a ton the tax on coal mined by foreign companies operating in Kentucky.

Senator McLaurin denounces as a liar the man who asserts that he was corruptly induced to vote for the Paris treaty. But he has never been able to satisfactorily explain to the democrats of South Carolina the suddenness of his conversion in favor of the treaty and the simultaneous fact that he became the dispenser of republican spoils in his State. As between the two Tillman is more to be respected. Whatever may be said of him he is not a traitor nor a turncoat.—Lexington Democrat.

The Rev. W. L. Nollin, in a sermon in Lexington, denounced as a highway robber the man who commits suicide that his family may reap the benefits of his life insurance.

'Why don't you arbitrate your feud?' asked the Northern man.

'Stranger,' replied the Kentuckian, 'when we get a feud started here there ain't no man dars to be arbitrator, for there ain't no man can decide the question both ways.'—Chicago Post.

Personal journalism, said a distinguished editor at the Missouri press convention, must be indulged in to meet the expectations of the community. It is the especial business of the country newspaper to record personal matters in the lives of the people who subscribe for the paper, for they are interested in everything Tom, Dick and Harry do, and want to keep track of the personal doings of the Williams, Joneses, Smiths and so on. If personals should be discontinued subscribers would be displeased, and many subscriptions would be discontinued.

## MIDDLEBURG.

Green River is clear of ice for the first time in 10 weeks.

Eggs are scarcer in this section at the present time than for years.

Joshua, the five year old son of Geo. Wesley had the misfortune to lose the first joint of his right index finger Saturday while assisting two elder brothers in sawing fire wood.

The roads are worse than they have been in years. In fact in many places in the pike are veritable ruts and mud holes. Certain sections of the Middleburg and Liberty pike are being treated to a much needed coat of gravel.

Jason Wesley returned from Cincinnati Friday where he had been to buy his spring goods. James Godber, of Bethel Ridge, spent Sunday with his friends at this place. E. E. Kealey has been sick. Add Taylor, the democratic committeeman, is sick.

It is to be sincerely hoped that the Legislature will act on the re-apportionment bill within the next few days allotted them, so that a call session will be avoided. It now seems certain that Casey will be taken out of the "Bloody 11th" and put in the Fourth.

As noted in your last issue, C. L. Pruitt, of Hustonville, has bought of Jones & Wheat the stock of goods of the defunct firm of G. S. Durham & Co. The stock was invoiced last week and the new firm has opened the doors for business. While undecided, Mr. Pruitt will remain here for a while at least.

## MARCH.

The windy days of March have come, When hats and skirts fly up, by-gum— And as my feasting eyes expand I get them full of mud and sand— And then I curse—the weather.

The seasons hourly come and go, Sweet, sunshine, shower and snow, And as I seek some safe retreat My hat blows in the muddy street— And then I chase—the hat.

About the time I catch my "dice," My feet glide o'er a sheet of ice, And as I light bang! In the mud— With a dull and sick'ning thud— I look about—to see who's laughing.

Thus it is the whole month long; It seems that everything goes wrong. And so I live in fear and dread, And feel that life hangs by a thread— Hence I say—away with March!

—R. Leo Suter.

You will never wish to take another dose of pills if you once try Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by Craig & Locker, druggists.

THE Danville News says it is likely that Judge R. G. Williams, of Mt. Vernon, will move to Covington and open a law office. This must be a mistake. In the first place the judge thinks the sun rises and sets in Rockcastle and couldn't tear himself away and secondly he's making all the money and reputation he wants where he is. We hope you have been incorrectly informed, Brer Lillard.

LOCALS.

FARMERS.—Stock what coal you need before you get busy with your plowing. J. H. Baughman & Co.

FOR rent or sale, the house vacated by E. C. Walton. Good stable and garden. Apply at this office.

MARCH came in like a mock little lamb, but Sunday and yesterday were more of the roaring lion variety of weather.

J. CRESSHAW will have "a grand declamatory contest" at Alcorn's Opera House, Hustonville, on Friday night, March 1.

SALE.—Mrs. Lena Salusky will sell at public auction near Kriger on Saturday, March 15, all of her household and kitchen furniture, etc.

PRINCE HENRY was in Lincoln county fully 30 minutes Saturday night while he didn't even stop at Lexington and Danville. We are the stuff.

THE REV. T. DEWITT TALMAGE highly recommends Mr. Ralph Bingham, the monologue entertainer, who will appear at Walton's Opera House early in April.

DEPUTY U. S. MARSHAL COLEMAN, of Somerset, was here yesterday summoning the stockholders of the late Somerset Banking Co. to appear at his town April 7 before the Federal court.

YOUR attention is called to the advertisement on our first page of the Fall Creek & Millsprings Oil & Gas Co. This company has leases close to some of the most famous Wayne county gushers.

MISS LOUISE AIKEN, of Terra Haute, actually "split her side" laughing and is now confined to her bed. She must have seen in this paper that Lancaster is going to have water works and an electric railroad.

WE are sorry to lose from our county Mr. Joseph J. Brooks, of Crab Orchard, who has bought a drug store at Vancocburg. We hope he'll make enough money in a few years and return to the best county on earth.

J. C. McWHORTER advertises this issue something new in the monument line, which our readers should consider if any of them are thinking of marking the graves of their friends. The White Bronze is indestructible and cheaper than marble or granite.

THIS office is headquarters for horse and jack bills, cards, etc. Up-to-date advertising matter in that line cheaper than the cheapest. Also, there is no better medium than the INTERIOR JOURNAL to advertise your stallions and jacks in. Write or call for prices.

FINE SAFE.—The Lincoln County National Bank has received its fine new safe, which will prove a puzzle to the would-be bank robbers. It is a screw door Mosler, weighs 5,000 pounds and is big enough to hold securely all the money that will likely be deposited in that popular banking house.

THE noted temperance lecturer, Hon. James A. Tate, of Nashville, who by the way is secretary of the National Prohibition Committee, will deliver a lecture on "Temperance" at Walton's Opera House on Tuesday evening next. Doors open at 6:30; lecture begins at 7:30. Everybody cordially invited to hear him.

SUDDEN DEATH.—Bettle B, the six-months-old daughter of Mr. and Mrs. R. L. Albright, of Rowland, dropped dead while its parents were bathing it Saturday morning. It was an unusually bright, pretty child and its sudden death almost crushes its loving father and mother. It is not known what caused its demise. The burial occurred in the family cemetery near Broadhead.

KENNEDY.—Willie Kennedy, son of Mr. and Mrs. E. D. Kennedy, died at his home at McKinney Sunday morning after a short illness of pneumonia, aged 27, and was buried in the Hustonville Cemetery yesterday morning after services at 10 o'clock at the Presbyterian church at that place, by Rev. W. W. Bruce. Deceased was a splendid young man, popular with everybody and his death is the occasion of much regret. It has been only a few, short months since Mr. and Mrs. Kennedy buried their son, Howard, and it seems that they are having more than their share of affliction. They have much sympathy in their trouble. Willie Kennedy was not a stout man, but his friends were not prepared for so sudden a demise as his was. Several years ago he united with the Presbyterian church and having lived an upright, godly life, we trust that he now basks in the sunshine of the Lord of Lords. May those who weep soon realize that their loss is Willie's eternal gain.

ROOMS for rent over Higgins & McKinney's store.

LARGE stock of all kinds of buggy harness to select from. J. C. McClary.

BUFFALO OIL CO. will sink its first well in Knox county near the gusher struck there on Xmas day.

BROWN.—We have just learned of the death of Mrs. J. H. Brown, of Casey. She was about 70 years old and a most excellent lady.

FRESH shipment of Roasted Coffee, Crackers, Cakes, Candies, Fruits, Etc.; Open Kettle New Orleans and Maple Syrup at Higgins & McKinney's.

THE Warren Grigsby Chapter, U. D. C., will hold an important meeting with Mrs. J. S. Owsley, Jr., Friday afternoon at 2 o'clock. All members are requested to come prepared to pay the February dues.

PAID.—Mr. R. L. Slade, of Lexington, was here today and paid to Mrs. E. M. Bremer \$1,000, amount of the policy her husband held in the Endowment Rank, Knights of Pythias. This quick payment shows that the Endowment Rank is all right.

DEAD.—Mrs. Stehner, mother of Mrs. E. Bremer, died in Louisville yesterday morning after a short illness. The loss of husband and mother in less than a month is indeed hard on Mrs. Bremer, who has the undivided sympathy of the community.

THE eighth district teachers' association will convene at Harrodsburg Friday morning, April 10, and be in session until the afternoon of the following day. The program contains addresses by Judge M. C. Santley and Prof. M. O. Winfrey, of this place, and many prominent educators are down for talks. All teachers are urged to be present.

THE INTERIOR JOURNAL is also greasy with ads of oil companies, and Stanford is catching on to the oil boom. We were mistaken in saying that Stanford people would wait till oil wells were selling, like asparagus, at a pickle a bunch—dry holes, and then go in with a rush.—Somerset Journal. Brer Campbell is always right or wrong one. You can bet your boots on that.

FIDDLERS' CONTEST.—During this dearth of entertainments, Messrs. E. C. Walton and J. M. Alverson have decided to vary the monotony by giving an old fiddlers' contest at Walton's Opera House on Friday evening, March 21. While young fiddlers will be admitted to contest, they must play old fashioned tunes. Prizes will be mentioned later. Fiddlers desiring to enter will write to the above firm at once as entries must be in by the 15th.

OIL NEWS FROM WAYNE.—The Mayfield Oil Company developed a very heavy "gasser" at a depth of 350 feet in the well on the Davis farm, between Slickford and Sunnybrook. The drills are not yet reached the Sunnybrook level and are much encouraged by the strong flow of gas. J. W. Thomas, drilling at Slickford for the Lexington Oil & Gas Company, also found a heavy gas pressure at 250 feet. The Home Oil Company's No. 3 at Parocell, is down 600 feet, and is expected to come in at any hour. The McCordnaigh Oil Company will begin its No. 3 well on the Bell farm next week.

CIRCUIT COURT.—It took the jury only about 30 minutes to make its verdict in the rape cases against Joe and Tom Leasure and the former got 10 and the latter 15 years. This makes four men who have gotten penitentiary sentences for assaulting Miss Sallie Crabtree.

John McClure was given two years for attempted burglary. The grand jury will be in session again tomorrow and longer if it is deemed necessary. Most of yesterday was taken up with the case of Mrs. G. A. Swinobroad against the executors of Greenberry Bright concerning a \$1,000 legacy, which still has the attention of the court.

SHOOTING AT CRAB ORCHARD.—About 3 o'clock yesterday afternoon Mr. W. A. Beazley, proprietor of the Beazley Hotel, at Crab Orchard, shot and dangerously wounded Joe A. Shannon, ex-marshal of that town. The trouble occurred in front of R. W. Wallin's saloon, on Stanford street, and the particulars, as we learn, are as follows: Mr. Beazley and one or more of the other trustees of the town went to Mr. Shannon and asked him about a deficit in his account as tax collector. The ex-officer rushed at Mr. Beazley and about the time he grasped him, Mr. Beazley shot him from his coat pocket, the ball striking one of Mr. Shannon's limbs above the knee, breaking the bone. As the latter fell Mr. Beazley fired again, this time striking him in the neck and the bullet coming out of his shoulder. The wounded man was taken home where Dr. Doores and other physicians examined him, the former stating that he is not necessarily fatally wounded. Mr. Beazley surrendered at once. A month ago Mr. Shannon and Mr. Beazley had some words, when Shannon threatened to take Mr. from his buggy and whip him, but it was generally believed that the matter was dropped then and there.

"Mammy," said Pickaninny Jim, "Bill is snackin' Jos agin'." "Well," said the colored woman, "you tell dem chillen dat days gotter quit playin' 'Nited States Senate. Dat game's too rough."—Waelington Star

MONUMENTS.

White Bronze is to stone in the monument business what the improved drop-head sewing machine is to the old hand method, or the palace car is to the old stage coach. It is the advanced thought of the age. It is indestructible and will perpetuate the records and resting place of your loved ones. It is very beautiful with a frosted silver appearance. Please hold your order until you can investigate it.

J. C. McWhorter, Agt. CRAB ORCHARD, KY.

This farm is beautifully located, splendidly watered and consists of the best quality of black walnut soil. Sixty-five acres are in cultivation and the rest is well set in blue grass. There is a good residence on this farm, with servant's house, carriage house, ice house, 3 barns and a large orchard. The farm is well fenced, thus making it a most desirable home.
